Subject:
ACME to Euro fill valve adapter

Applicable Model(s)/VINs:
All ROUSH CleanTech propane powered vehicles equipped with a Euro (quick-connect) style fill valve.

Description:
When using an ACME (threaded) style nozzle to fill a vehicle with a Euro (quick-connect) fill valve, only use the ROUSH CleanTech approved adapter (or equivalent). Do not use a locking collar style adapter as it could become seized to the valve. Attempting to remove it improperly could damage the valve.

Procedure:
Use ROUSH CleanTech ACME to Euro adapter or similar.

Do not use an adapter with a locking collar.

Part(s) Information

Part Number	Description	Qty
19511032	EURO to ACME fill adapter	1

Warranty Information

Labor Operation Code	Standard Labor Time
No warranty coverage if fill valve is damaged by an improper adapter and adapter removal method.	n/a
