Join Rush Truck Centers and ROUSH CleanTech to test drive and learn more about how alternative-fuel vehicles can work in your fleet. We will have various propane chassis on-site so you can see how they operate with the new low NOx engine. Also, learn how to apply for funding to offset a portion of the cost of the truck; meet Rush Truck Centers and ROUSH CleanTech executives; enjoy a special presentation, lunch and music; and be entered to win fabulous prizes throughout the day, including NASCAR racing tickets. The first 100 customers will receive a special gift. We look forward to seeing you.
